

## Call Transfer

If A and B are on a conversation and B may want A to transfer the call to C, three ways could be used to transfer the call: **Blind Transfer, Attended Transfer, and Semi-Attended Transfer.**

### Blind Transfer:

- A press TRAN Button or Transfer softkey to put B on hold followed with dialing C and pressing the Transfer softkey to call out.
- A would be on hold and the LCD would display as Transferred. A could press the Cancel softkey button to be disconnected from the call.
- If C picks up the phone call, B would be able to talk to C.

### Semi-Attend Transfer:

- A press the TRAN button or Transfer softkey to put B on hold followed with dialing C and pressing the OK or SEND button to call out.
- While C is ringing, A hang up or press the Transfer softkey. Then A will turn to the hold status, and the LCD will display as Transferred
- A will be disconnected from the call, when C pick up, B can talk to C

### Attended Transfer:

- A press TRAN Button or Transfer softkey to put B on hold followed with dialing C and press the OK or SEND button to call out
- After C answered it, A and C can have a private conversation without B, then A press Tran button to complete the transfer
- A will be disconnected from the call. B can talk to C

## Call Forward

- Enter the Call Forward path: Menu->Features-> Call Forward->Enter
